- 6. Namibian Pearl

- 7. Olive Green
- 8. Rosso Siena
- 9. Rustenburg

WANLI STONE BELFAST

Constant Improvement for Perfection

Wanli Stone Belfast (Pty) Ltd is a joint venture between Xiamen Wanli Stone (China) and Impala Granite (South Africa) which is part of Minaco (Pty) Ltd, a South African company housing the separate highly specialized natural stone processing activities of the Finstone Group.

As one of the first processing factories in South Africa to specialize in a wide range of natural stone products, Wanli Stone has recognised the potential of combining human resource skills with technology. As a result, Wanli Stone utilises China's latest stone processing technology backed up by a team of professional craftsmen with a wealth of natural stone knowledge and exceptional skills particularly with products requiring intricate detail.

All Wanli Stone's products are made to exacting standards of workmanship drawing on the best quality natural stone from Finstone's abundant Southern African resources.

Wanli Stone currently manufactures and supplies from its factory in Brits, a range of superior quality products such as designer basins, vanity tops, fireplaces, tables, benches, breadboards and all memorial components and accessories.

Wanli Stone's experienced staff also offer guidance on design, competitive pricing and unparalleled customer service creating a one-stop centre for all natural stone requirements.
